IMPLEMENTATION OF PARTICIPATION IN NATIONAL ACADEMIC DEPOSITORY (NAD)

A Service Level Agreement (SAL) was signed with National NSDL Database Management Limited (NDML), one of the two digital depositories recommended by MHRD. A Template has been received from NDML to provide data. The required information for the template and data for uploading 270 degree certificates was furnished to NDML from the University side. The firm is now in the process of uploading the data which will be completed within a week time. Once uploading is completed and subsequent concurrence is given from the University side the degree certificates will be made available in the depository.
