on 20.07.2018

Jointly organised by

Central Library, CUTN

&

INFLIBNET Centre, Gandhinagar

Central University of Tamil Nadu
Thiruvarur - 610 005

Central University of Tamil Nadu

The Central University of Tamil Nadu is set in Tiruvarur, a region of cultural and historical significance. The University functions with quality infrastructure facilities in two campuses set in a serene atmosphere in the Neelakudi and Nagakudi villages in the Cauvery delta region. In spite of the recent origin and a humble beginning with a single course and few students, the University has established itself in different streams of education within the last few years, attracting students from far and wide. The University offers Postgraduate, Integrated MSc and Doctoral Programmes in various subjects through the Schools of Social Sciences & Humanities, Basic & Applied Sciences, Mathematics & Computer Sciences, Communication, Education & Training, Behavioral Sciences, Commerce and Business Management, Technology, Performing Arts & Fine Arts and Earth Sciences. The University atmosphere offers a creative and multicultural learning atmosphere for the students with dynamic curricular and extracurricular activities. The University also opens up space for expert learning through collaboration with State and National level institutions of academic excellence. The University which functions in a rural setting also caters to the development of the rural locales by providing quality education and training to those from the marginalized communities.

Central Library, CUTN

The Central library of CUTN has rich collection of books, journals and e-resources catering to students, research scholars and faculty members. Presently, over 33,500 books, 150 CDs/DVDs and 140 printed journals are possessed by the library. It boasts the access to more than 9000 online electronic journals through e-ShodhSindhu, J-Gate, SciFinder to name a few. The Scopus, EBSCO, IEEE CSDL, IndiaStat.com database are also subscribed towards the benefits of researchers and students for social science discipline. The library is

automated having an online portal that can be easily accessed by the users. The library implemented Koha – an open source software package which is an integrated library management system that supports all housekeeping operations of the library. Koha consists of modules on acquisition, cataloguing, circulation serials control and OPAC. Recently the RFID technology is being used for security purposes. There is a separate digital library centre having 30 computers running on high speed internet. Overall, it offers seating capacity to over 100 users. The library is open from Monday to Friday (8am – 8pm) on Saturday (10am – 6pm) and on Sundays (10.00am- 2.00pm). For convenience of the users, the reprographic facility is also available inside the library. Other salient features include air conditioners, availability of portable water and property counter. The MoU signed with INFLIBNET for Shodhganga project towards the sharing accessing of the Electronic Theses and Dissertations. And also the Urkund & iThenticate Anti-Plagiarism Software access are enabled by Central Library to check the theses and other publications for the benefits of user community. The library system and staff is meticulously focused for providing comfortable, user friendly environment so as to enable learning and knowledge creation.

INFLIBNET Centre

Information and Library Network (INFLIBNET) Centre is an autonomous Inter-University Centre of the University Grants Commission (UGC) of India. It is a major National Programme initiated by the UGC in March 1991 with its Head Quarters at Gujarat University Campus, Ahmedabad. INFLIBNET is involved in modernizing university libraries in India and connecting them as well as information centres in the country through a nationwide high speed data network using the state-of-art technologies for the optimum utilisation of information. INFLIBNET is set out to be a major player in promoting scholarly communication among academicians and researchers in India.

e-ShodhSindhu

Based on the recommendation of an Expert Committee, the MHRD has formed e-ShodhSindhu merging three consortia initiatives, namely UGC-INFONET Digital Library Consortium, NLIST and INDEST-AICTE Consortium. The e-ShodhSindhu will continue to provide current as well as archival access to more than 15,000 core and peer-reviewed journals and a number of bibliographic, citation and factual databases in different disciplines from a large number of publishers and aggregators to its member institutions including centrally-funded technical institutions, universities and colleges.

Objectives of the Programme

- * To create awareness about E-Resources and various databases to the user community
- * To identify the availability of the E-Resources in the eShodhSindhu
- * To suggest the various measures to download E-Resources

The awareness programme is designed to develop scientific understanding through quantitative expression of various e-resources for teaching, learning and research from CUTN. This programme will make to a depth awareness of ideas and enhancing the skills on access to e-resources. Hence this One Day User Awareness Programme on Access to E-Resources in association with INFLIBNET will be organised on 20th July 2018.

Target participants

1. Faculty Members, CUTN
2. Research Scholars, CUTN
3. Library and Information Professionals

Product Demonstrations

Various E-Resource providers from National level
