About Organizers

DEPARTMENT OF SOCIAL WORK - CENTRAL UNIVERSITY OF TAMIL NADU

The Central University of Tamil Nadu is set in Thiruvarur, a region of cultural and historical significance. The University functions with quality infrastructure facilities in two campuses set in a serene atmosphere in the Neelakudi and Nagakudi villages in the Cauvery delta region. In spite of the recent origin and a humble beginning with a single course and few students, the University has established itself as an acclaimed centre of excellence in different streams of education within the last two few years, attracting students from far and wide. The University offers Postgraduate, Integrated MSc and Doctoral Programmes in various subjects through the Schools of Social Sciences & Humanities, Basic & Applied Sciences, Mathematics & Computer Sciences, Behavioural Sciences, Commerce and Business Management, Communication, Education & Training, Technology, Performing Arts & Fine Arts and School of Earth sciences. The University atmosphere offers a creative and multicultural learning atmosphere for the students with dynamic curricular and extracurricular activities. The University also opens up space for expert learning through collaboration with State and National level institutions of academic excellence. The University which functions in a rural setting also caters to the development of the rural locales by providing quality education and training to those from the marginalised communities. The Department of Social Work was established in 2013 with the aim to create social workers with the ability to contribute for the constructive development of individuals and society. The focus of Social Work Department is to intensively prepare students for helping profession by locating the scope for such practice in the emerging spaces for Social Work Intervention in a globalizing liberalizing context. The vision of the Department is to be a centre of continuous learning and practice, functioning within a secular, rights based and inclusive development framework contributing towards the creation of an egalitarian society. The Department offers a regular two years fulltime postgraduate programme in Social Work, titled as Master of Social Work (MSW). Currently the Department offers three specializations: (i) Medical & Psychiatric Social Work, (ii) Community Development, and (iii) Human Resource and Labour Management. The M.Phil and PhD programme of the Department with an interdisciplinary perspective provides a quality learning atmosphere to the aspirants in higher education. Though recently established, the Department has already proved its merit in Social Work education attracting students from across the states in India.

About the Collaborator & Sponsors

The National Institute of Social Defence (NISD) is an Apex Body under the Ministry of social Justice and Empowerment, Government of India. The institute primarily undertakes various Training & Awareness generation programs in the field of Drug Abuse prevention, Old age and other social defense issues in collaboration with concerned State Government and Social Work Institutions etc.. In this regard a National Action Plan for Drug Demand Reduction (NAPDDR) has been formulated by the Ministry. The NAPDDR envisages to conduct Awareness & Capacity building programs for various stakeholders such as police, PRIs, prisons, student community etc.. Accordingly NISD would like to organize the following programmes in collaboration with the institution during the year 2018-2019. Part-I will be Program Schedule for Two day capacity building cum sensitization on drug abuse prevention and Part –II will be the Program Schedule for one day capacity building cum sensitization on drug abuse prevention.

Technical Support Organization -District Child Protection Unit,

Government of Tamil Nadu

The Integrated Child Protection Scheme (ICPS) is a centrally sponsored scheme aimed at building a protective environment for children in difficult circumstances, as well as other vulnerable children, through Government-Civil Society Partnership. The Scheme incorporates other essential interventions, which aim to address issues which were, so far, not covered by earlier Schemes. It is based on the cardinal principles of "protection of child rights" and the "best interest of the child".

Beneficiaries/ Participants

The participants of drug abuse prevention programme would be School students, College Students, School Teachers and Counselors working in the Schools.

Expected outcome

- The participants would have better understanding on Drug Abuse Prevention activities.
- Improved level of knowledge and competency among the functionaries and Personnel working in the Substance Abuse Prevention.

- Knowledge on Intervention mechanism at Local, Regional and National Level.
- Advocacy and Networking system in place in the area of substance abuse prevention
