

**Central University of Tamil Nadu, Dept. Of Geography conducted "GeoVista 2023"
Seminar on Sustainable Technologies and Applications**

Thiruvarur, Tamil Nadu

The Department of Geography, School of Earth Sciences, Central University of Tamil Nadu, in collaboration with the Institute of Indian Geographers (IIG), Pune, organized and conducted two-day national seminar, GeoVista 2023: Geographical View in Sustainable Technologies and Applications. The event took place on 6th and 7th July 2023 at the Central University of Tamil Nadu, Thiruvarur.

GeoVista 2023, aimed to explore the correlation between geographical studies, modern geospatial tools, and sustainable development goals. The seminar featured six sessions encompassing themes such as Environment, Economy, and Sustainability; Sustainable Resources Management; Water Resources; Sustainable Cities and Communities; Tourism, Health, and Regional Development; and Climate Change, Disaster, and Sustainable Technologies.

Prof. M. Krishnan, esteemed Vice Chancellor of Central University of Tamil Nadu, inaugurated the seminar on 6th July 2023 while Registrar Prof. R. Thirumurugan graced the valedictory ceremony on 7th July 2023. The event witnessed enthusiastic participation, with 74 attendees from various parts of the country. A total of 45 papers, deemed highly relevant, were presented by renowned geographers, senior professors, and scholars from prominent universities and academic organizations.
