NOTIFICATION

I am directed to notify that the resolution of 45th Executive Council Meeting held on 25-03-2024 pertaining to Research Publications for Ph.D., Research Scholars.

To enhance the chances of securing funding from various funding agencies, the University needs to focus on bolstering its publication record and h-index. It is impressive that the University administration takes this matter seriously and implements strategies to augment faculty involvement in research publications.

The University has to insist upon the research supervisors to ensure that their research scholars to publish **at least one publication for the purpose of upgradation from JRF to SRF and shall have published at least two publications together at the time of thesis submission**. These publications should preferably be in peer-reviewed journals, ideally indexed in reputable databases such as Scopus/Web of Science. To attain this objective, proactive measures should be implemented to encourage both faculty members and students to actively pursue research publication. This endeavor is vital for the progress of the Central University. By highlighting the importance of research publication, the University can bolster its academic reputation and enhance its competitiveness for funding opportunities.
