### Brief Description

Dr. Lekha D Bhat is working with the Department of Epidemiology and Public Health, Central University of Tamil Nadu. She has basic training in Public Health with an MPhil and a Ph.D. in Social Medicine and Community Health from Jawaharlal Nehru University (JNU) New Delhi. Her background in public health has created a keen interest in developing a social epidemiological/ social determinants approach in public health. Before joining CUTN, she worked as an Assistant Professor at Mizoram University for four years. Her interest areas are Informal Sector and Health, Adolescent Health, Social Epidemiological Approach in Public Health, and Qualitative Methods. She has extensively published articles in reputed journals with publishers including Elsevier, Science Direct, Springer Nature, Sage, Taylor and Francis, Wiley, and MDPI. She has authored books and edited books with reputed publishers. She is actively involved in research wherein she has projects funded by NHRC, ICSSR, ICMR, and National Commission for Women. She is a regular panel expert with Rajya Sabha TV and BBC World News to discuss public health-related issues in the Indian context. She has also held additional responsibilities of Associate NCC Officer and Warden.
