Republic Day Celebration

The Central University of Tamil Nadu (CUTN) celebrated the 76th Republic Day on 26th January 2025. The celebration began with the hoisting of the national flag by the Hon'ble Vice Chancellor, Prof. M. Krishnan, followed by the singing of the national anthem.In his Republic Day address, the Vice Chancellor highlighted the significance of the day and emphasized the values enshrined in the Constitution of India—justice, liberty, equality, and fraternity. He encouraged the university community to uphold these ideals in academic and personal pursuits. He also reflected on CUTN's journey so far and reiterated the university's commitment to academic excellence, inclusivity, and nation-building. Faculty, non-teaching staff, students, and administrative officials gathered to witness the celebration, making it a memorable and spirited occasion.The Republic Day celebration at CUTN reminded us of our duties as responsible citizens and the role of educational institutions in shaping a vibrant, inclusive, and progressive India.

CUTN held Seminar on Agasthiyar and Siddha Medicine

CHENNAI

The Central University of Tamil Nadu (CUTN) recently held a one-day seminar on "Agasthiyar and Siddha Medicine," part of the Kashi Tamil Sangamam 3.0. The event, a joint initiative of the Departments of Tamil and History, brought together experts and enthusiasts to discuss the contributions of Agasthiyar to the Siddha system of medicine.

Professor M. Krishnan, Vice-Chancellor of CUTN, inaugurated the seminar in the presence of Professor R. Thirumurugan, Registrar. In his inaugural address, Professor Krishnan highlighted Agasthiyar's multifaceted contributions, emphasizing his influence on the Tamil language and his significant role in the development of traditional medicine and its impact on human well-being. Indian texts document various treatments within Siddha, Ayurveda, and Unani systems, the absence of consistent documentation has sometimes resulted in these treatments being attributed to other sources. Professor Krishnan also emphasized the medicinal value found in many traditional foods.

Dr. N. Venkatappan, Professor of Anatomy at the Government Siddha Medical College, Palayamkottai, Tirunelveli, delivered a special address. He detailedly explained Agasthiyar's pioneering contributions to Siddha medicine and discussed its continuing relevance in contemporary healthcare practices.

The seminar was organized by Professor G. Ramesh of the Department of Tamil and Dr. K. Mavali Rajan of the Department
